

Women In Banking Policy

OUR COMMITMENT:

We, at WIB, are staunch advocates for gender equality in the world of finance. Recognizing the historical underrepresentation of women in banking, we pledge to:

- **Promote Awareness:** Host seminars and workshops highlighting the achievements of women in the banking sector.
- **Mentorship Programs:** Pair female students with industry professionals to provide guidance, support, and mentorship.
- **Networking Opportunities:** Organize exclusive networking events for women to connect with industry leaders and peers.

Our goal is to empower women, ensuring they have the resources, support, and opportunities to thrive in the world of investment banking.
